nl

To: Lassen County Board of Supervisors

From: Dustin Russell, Captain

Date: January 9, 2026

Agenda Date: January 20, 2026

Discussion:

The Sheriff's Office has identified a critical need to purchase a new Animal Control vehicle due to the age, high mileage, and declining reliability of the current vehicle. The vehicle presently assigned to Animal Control has accumulated excessive mileage and has experienced frequent mechanical issues, resulting in increased maintenance costs and reduced operational reliability.

The unreliability of their vehicle has caused service disruptions and limit Animal Control's ability to respond promptly and safely to calls for service, including animal welfare investigations, aggressive animal complaints, and emergency responses.

A replacement vehicle is necessary to ensure dependable transportation, reduce maintenance expenditures, and support efficient and safe Animal Control operations. Procuring a new, purpose-built vehicle will enhance response capability, improve officer safety, and ensure the Sheriff's Office can continue providing essential animal control services to the community in a professional and reliable manner. We have found a truck to fit our need through the Department of General Services (DGS) state bid contracts. The vehicle is a new 2024 Chevy 2500 long bed pick-up, costing \$62,999.43.

Fiscal Impact:

Total Fiscal Impact- \$62,999.43. This purchase will be paid for out of the fleet maintenance budget #135-352

Recommendation

That the Board of Supervisors authorizes the purchase of the above listed vehicle.
