John McGarva
Sheriff - Coroner

To: Lassen County Board of Supervisors

From: Captain Mike Carney

Date: July 9th, 2026

Agenda Date: July 21st, 2026

Discussion:

The Lassen County Sheriff's Office and Plumas County Sheriff's Office have been awarded a federal grant, in the amount of \$1,405,000.00 for the purpose of integrating the 911 Dispatch systems and enhancing the radio communication systems in Lassen and Plumas Counties. Lassen County submitted the grant application and is the primary recipient of the grant, while Plumas County is a sub-recipient. Lassen County will receive \$591,364.50 in grant funding, while Plumas County will receive \$813,635.50 in grant funding to support this project.

This project, when completed, will integrate Lassen and Plumas County emergency communications networks, radio systems, dispatch radio consoles, along with Computer Aided Dispatch, Records Management and geographic information system (GIS) systems that will allow either dispatch center to have the full capabilities of the other.

Lassen and Plumas Counties have worked together in developing this project. Plumas County will perform/oversee all project activities in Plumas County, while Lassen County will perform/oversee project activities in Lassen County. Purchases within this project will cover a 4-year time span.

This purchase request is what we expect to be the final round of spending within this grant cycle. During this cycle, we are requesting to purchase hardware, licensing fees, tech labor, and a software integration program from Sierra Electronics in the amount of \$96,314.66.

The Software integration program and equipment (ScoutCare), once installed, will connect and allow for the interoperability of the Lassen County Sheriff's Office and Plumas County Sheriff's Office Dispatch Centers. There is also a licensing fee involved with this project, which is included in a separate quote. This purchase of ScoutCare includes a 5-year maintenance contract with service through 2032.

The Sheriff's Office has received two quotes from Sierra Electronics. One quote in the amount of \$84,624.50 which includes the ScoutCare Hardware and 5 years of maintenance. The other quote in the amount of \$11,690.16 is for licensing and tech support fees associated with the connection of the Dispatch Centers. We currently operate under a contract with Sierra Electronics.

Fiscal Impact:
