Dean F. Growdon
Sheriff - Coroner

To: Lassen County Board of Supervisors

From: Mike Carney; Captain

Agenda Date: November 14, 2023

Subject: First reading of the Uncodified Ordinance regarding annual review of a Military Equipment Use Policy pursuant to AB 481.

Recommendation:

1. Receive Report
2. Conduct a Public Hearing
3. Introduce and waive the first reading

Discussion:

On January 1, 2022, AB 481 was signed into law adding Government Code sections 7070 et. Seq.. This law mandates the establishment of an Ordinance requiring law enforcement agencies to develop a policy, provide a list of equipment and obtain approval of their governing body, prior to requesting, seeking, or using "military equipment" either permanently or temporarily. The Ordinance must be approved annually by our governing body.

California Government Code Section 7072(b) requires law enforcement agencies to hold a community engagement meeting, open to the public, for the purpose of giving the opportunity for the general public to discuss and ask questions regarding the annual military equipment report, acquisition and use of military equipment, as well as an opportunity to view the equipment and learn about the uses of the equipment.

The Lassen County Sheriff's Office held a community engagement meeting on October 12th, 2023. The meeting was advertised on numerous social media platforms including but not limited to; The Lassen County Sheriff's Office Facebook page as well as the KJDX Facebook page. No members of the general public attended the meeting. There was one member from the Lassen County Board of Supervisors in attendance.

The equipment described in this policy is utilized on a regular basis to protect deputies, and members of the public on patrol and in the County Jail. The use of this equipment is critical to

the preservation of public health and safety. All of the equipment listed in this policy has been commercially purchased by the Sheriff's Office for the last several decades, with the exception of the MRAP (Mine Resistant Ambush Protected) vehicle. The MRAP was acquired through the 10-33 program.

Fiscal Impact:

There is no additional funding required with this ordinance.
