To: Lassen County Board of Supervisors

From: Amy Foster, Correctional Lieutenant

Date: March 28th, 2024

Agenda Date: April 9th, 2024

Discussion:

The Lassen County Jail needs to replace the Livescan Equipment. The department's existing equipment is no longer supported and expired as of December 31st, 2023. The DOJ can revoke our clearance on the equipment at any time due to the expiration. Without the Livescan/fingerprint equipment, the Jail would not be able to fingerprint bookings entering the facility. This would be detrimental to the operations of the Jail. The CAO has authorized the emergency purchase of the equipment due to the necessity of this equipment for operations.

The Sheriff's Office reviewed the ten (10) vendors on the DOJ approved vendor list and three vendors replied with the services they provided. Only one company out of the three (3) provided all of the necessary equipment for the Jail's day to day functions.

Please see the attached quote from Data Works Plus.

Fiscal Impact:

Funding available for this purchase in the FY 23-24 budget from 130-0525 for the total cost of \$29,793.85.

Recommendation: 1) Approve emergency purchase from Data Works Plus, 2) Approve the CAO to sign, and/or 3) Provide direction to staff.

Additional engineering effort by DataWorks Plus beyond the scope of the standard product will be charged at our standard rate of \$220 per hour, plus any related travel or administrative expenses. If a customer is providing their own PC (laptop, tower or desktop) for the use with a livescan, they will be required to send one example of each machine to Greenville for hardware testing and validation.

Upon expiration of warranty for the above equipment, Standard Maintenance for the first year will be available at 12% of the system list price, and is renewable annually thereafter at then current pricing. Standard maintenance support includes 8 x 5 Monday through Friday with next day onsite support and includes repair or replacement of failed parts and software maintenance. Premium Plus Maintenance will be offered for 14% of the system list price for upgraded 24 x 7 coverage.

DataWorks Plus believes in ensuring that your data is secure. As such, all DataWorks Plus employees must pass an FBI background check as part of our hiring process. DataWorks Plus understands that agencies have their own background processes and will comply with standard vendor background checks for employees either participating in the install or on-going maintenance. Standard vendor background checks include fingerprints, employment history, local, state and/or FBI checks. Extensive background processes beyond what is considered a standard check will be at the sole financial responsibility of the agency and should be coordinated with DataWorks Plus for scheduling and billing.

DataWorks Plus appreciates the opportunity to present this proposal, which will be valid for 90 days, after which availability and prices are subject to change. To confirm your requisition, please submit your purchase order within this time frame. Prices are exclusive of any and all state, or local taxes, or other fees or levies. This quote is subject to the following conditions:

1. 50% payment due with Purchase Order
2. 50% payment due at installation.
3. Payment net thirty (30) days from receipt of invoice.
4. Warranty begins at delivery.
