Subject: HLV RCD Strategic Plan Comments

This Message Is From an External Sender

This message came from outside your organization.

Hello Honey Lake Valley Resource Conservation District Partners,

We are requesting your comment & input on the attached draft HLVRCO 6-year strategic plan (2024-2030). It's important for us to hear from those organizations with whom we currently collaborate & others with whom we'd like to strengthen or establish a strong partnership in order to better serve our community. Though we are currently a small organization, we have big ideas and a desire to continue the important resource conservation work that is needed.

Please provide written comment or input on additional strategies that could be used to fulfill our role as a local "boots on the ground" non-regulatory conservation leader as well as to assist you in meeting the conservation goals your organization has. The HLVRCO Board of Directors and staff will review and discuss all input we receive to develop a more meaningful strategic plan.

Please provide your input by **April 19, 2024** to District Manager, Kelsey Seimer at kmarks@honeylakevalleyrco.us or, if you prefer to discuss in person or over the telephone, feel free to call me at 530-260-0067. The board plans to adopt the plan at its May 2024 meeting.

Thank you in advance for your comments and participation!

Sincerely,

Kelsey
