**AGREEMENT DESIGNATING NORTHERN CALIFORNIA EMS, INC., AS
THE "LOCAL EMS AGENCY" FOR LASSEN COUNTY AND
AUTHORIZING POWERS PURSUANT THERETO**

THIS AGREEMENT is entered into by and between **LASSEN COUNTY**, hereinafter referred to as **COUNTY**, and **NORTHERN CALIFORNIA EMS, INC.**, (a California non-profit, public benefit corporation) hereinafter referred to as **CORPORATION**.

INTRODUCTION

WHEREAS, the Emergency Medical Services Act (California Health and Safety Code Section 1797 et seq., hereinafter referred to as "the Act") authorizes a county to designate a local emergency medical services (EMS) agency, and

WHEREAS, the Act mandates that particular functions under the Act must be performed by, and/or under the direction of, the local EMS agency, pursuant to Health and Safety Code Section 1797 et seq., and

WHEREAS, **CORPORATION** is qualified to be a "local EMS agency" pursuant to Health and Safety Code Section 1797.94, and

WHEREAS, **COUNTY** desires to contract with **CORPORATION** for **CORPORATION** to administer certain local emergency medical services as specified as follows in this agreement, and

NOW, THEREFORE, IT IS AGREED by and between the parties hereto as follows:

ARTICLE 1. GENERAL

Section 1.1. This agreement takes the place of the previous agreement dated June 24, 2009, and titled "Agreement Designating Northern California EMS, Inc. as the 'Local EMS Agency' for Lassen County and Authorizing Powers Thereto", and any written modifications thereto.

Section 1.2. The terminology used in this agreement is defined according to the Health and Safety Code, Sections 1797.50 through 1797.97. All sections cited in this agreement refer to the Health and Safety Code unless otherwise noted. If any language or provisions of this agreement conflict with the language or provisions of the Act, the Act shall prevail. Whenever the term "Authority" is used in this agreement, it shall mean the Emergency Medical Services Authority as defined in Health and Safety Code Section 1797.54.

Section 1.3. COUNTY designates CORPORATION as its local EMS agency and delegates only those specifically enumerated functions as set forth in this agreement to CORPORATION.

Section 1.4. CORPORATION shall plan, implement and evaluate an emergency medical services system in accordance with the provisions of the Act, consisting of an organized pattern of readiness and response services based upon public and private agreements and operational procedures (Section 1797.204).

Section 1.5. CORPORATION shall be responsible for the implementation of advanced

life support systems and limited advanced life support systems and for the monitoring of training programs (Section 1797.206).

Section 1.6. CORPORATION shall, when required by the Authority, submit an emergency medical services plan for **COUNTY** to the Authority (Sections 1797.250 and 1797.254) and to the **COUNTY**. **CORPORATION** shall submit to **COUNTY** the plan it submits to the Authority and any amendment thereto. **CORPORATION** shall, consistent with such plan, coordinate and otherwise facilitate arrangements necessary to develop the emergency medical services system (Section 1797.252).

Section 1.7. CORPORATION may review applications for grants and contracts for Federal, State, or private funds concerning emergency medical services or related activities in the **COUNTY** (Section 1979.256).

Section 1.8. CORPORATION shall implement local Air Ambulance Standards in compliance with statewide regulations.

Section 1.9. Functions not delegated to **CORPORATION** and which are retained by **COUNTY** are:

A. Acceptance of Basic Life Support, Advanced Life Support, or Mobile Intensive Care Providers into any dispatch rotation. Where applicable, **CORPORATION** will approve these units as approved providers, but the actual placing in rotation or acceptance of the providers into dispatch is not contracted for in this agreement and is not the responsibility of

CORPORATION.

B. This agreement is not intended to cover any services by **CORPORATION** in connection with Health and Safety Code Section 1797.201 and/or the assertion by any city or fire protection districts of any rights they may have under Sections 1797.200 and 1797.201.

C. Except for the reporting requirements of disaster planning and response as a part of **COUNTY'S** EMS plan to the Authority, **CORPORATION** is not responsible under the terms of this agreement for any disaster planning, training or response.

Section 1.10. Since pursuant to Section 1797.85 **COUNTY** recommended to **CORPORATION** that exclusive operating areas be established, **COUNTY** delegates to **CORPORATION** all services required to be performed by a local EMS agency in connection with the establishment of such exclusive operating areas.

Section 1.11. **COUNTY** agrees to continue to designate an individual within the County who will become knowledgeable on the conditions of this agreement, and who **CORPORATION** may communicate with during the term of the agreement, regarding the various activities and actions of **CORPORATION** in furtherance of its Local EMS Agency contractual obligations with **COUNTY**. This individual and the person's contact information shall be given to **CORPORATION'S** Chief Executive Officer by July 15, 2010.

ARTICLE II. MEDICAL CONTROL

Section 2.1. The medical direction and management of the emergency medical services

system shall be under the medical control of the Medical Director of **CORPORATION**. This medical control shall be maintained in accordance with standards for medical control established by the Authority (Section 1798). Medical control shall be exercised within an EMS system which complies with the minimum standards adopted by the Authority, and which is established and implemented by **CORPORATION**.

Section 2.2. CORPORATION shall have a full or part-time licensed physician and surgeon as Medical Director to provide medical control and to assure medical accountability throughout the planning, implementation and evaluation of the EMS system. The Medical Director may appoint a physician and surgeon to assume his or her duties during any time that he or she is unable to carry out those duties as the Medical Director deems necessary. The Medical Director may also assign administrative functions of his or her duties which do not require his or her professional judgment as Medical Director to administrative staff of the local EMS agency under his or her supervision (Section 1797.202).

Section 2.3. CORPORATION'S Medical Director may authorize registered nurses functioning pursuant to Business & Professions Code Section 2725 to act as "authorized registered nurses" or "Mobile Intensive Care Nurses (MICNs)". As such, MICNs provide prehospital advanced life support and may issue instructions to prehospital emergency medical care personnel within an EMS system according to standardized procedures consistent with statewide guidelines established by the Authority.

Section 2.4. CORPORATION, using State minimum standards, shall establish policies and procedures approved by the Medical Director of the **CORPORATION** to assure medical control of the EMS system. The policies and procedures approved by the Medical Director may require basic life support emergency medical transportation services to meet any medical control requirements including dispatch, patient destination policies, patient care guidelines, and quality assurance requirements (Section 1797.220).

Section 2.5. The Medical Director of **CORPORATION** may approve or conduct any scientific or trial study of the efficacy of the prehospital emergency use of any drug, device, or treatment procedure within Lassen County, utilizing any level of prehospital emergency medical care personnel. The study shall be in compliance with Section 1797.221 and with any requirements established by the Authority (Section 1797.221).

Section 2.6. In administering the EMS system, **CORPORATION**, with the approval of its Medical Director, may designate and contract with hospitals or other entities approved by the Medical Director of the local EMS agency pursuant to Sections 1798.2 and 1798.105 to provide medical direction of prehospital emergency medical care personnel, within its area of jurisdiction, as either base hospitals or alternative base stations, respectively. Hospitals or other entities so designated and contracted with as base hospitals or alternative base stations shall provide medical direction of prehospital emergency care provided for the area defined by the local EMS agency and approved by the Medical Director of the local EMS agency pursuant to

Sections 1797.220 and 1798 (Section 1798.100).

Section 2.7. CORPORATION, in order to assure medical direction to prehospital emergency medical care personnel in rural areas (as determined by the Authority), may utilize hospitals which do not have a basic emergency medical service permit, but which have been approved by the Medical Director of the **CORPORATION** for utilization as a base hospital, if the requirements of Section 1798.101 are met.

Section 2.8. Advanced life support and limited advanced life support personnel may receive medical direction from an alternative base station (Section 1798.105) in lieu of a base hospital when the conditions are met in Section 1798.3 under the guidance and control of **CORPORATION**.

Section 2.9. CORPORATION'S Medical Director may, in accordance with regulations adopted by the Authority, deny, suspend, or revoke any EMT-I or EMT-II certificate issued under Division 2.5 of the Health and Safety Code, or may place any EMT-I or EMT-II certificate holder on probation, upon the finding by the Medical Director of the occurrence of any of the actions listed in Section 1798.200(c). **CORPORATION'S** Medical Director may deny, suspend, revoke or place on probation any First Responder or Mobile Intensive Care Nurse upon a finding by the Medical Director of the occurrence of any actions listed in Section 1798.200(c). In addition, the Medical Director of the **CORPORATION** has all Medical Director powers defined in California Health and Safety Code Sections 1798.201 and 1798.202(a). Subject to the limitations contained

in ARTICLE VI, Section 6.4 of this agreement **COUNTY** shall pay (over and above the basic annual fee charged under the agreement) all actual costs incurred by **CORPORATION** for any hearings and/or litigation arising from the denial, suspension, probation or revocation of a certificate or certificate holder. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring those costs. **COUNTY** shall pay the bill within 30 days of receipt.

Section 2.10. **COUNTY** hereby designates the Medical Director of **CORPORATION** to be the designated physician who may place on probation, suspend, or revoke the approval under the Act of any training program for failure to comply with the provisions of the Act or any rules or regulations adopted pursuant thereto (Section 1798.209). Subject to the limitations contained in ARTICLE VI, Section 6.4 of this agreement it shall be **COUNTY'S** sole responsibility to pay for all costs of any proceedings for probation, suspension, or revocation of approval of any training program. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings and to prepare for any said proceedings. In addition, **COUNTY** shall reimburse the **CORPORATION** for the **CORPORATION'S** actual costs in preparing for or participating in said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff

time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring those costs. **COUNTY** shall pay the bill within 30 days of receipt.

ARTICLE III. TRAUMA CARE SYSTEM

Section 3.1. CORPORATION may implement a trauma care system pursuant to Section 1798.162, establish policies and procedures consistent with regulations pursuant to Section 1798.163, charge a fee for trauma facility application and designation pursuant to Section 1798.164, designate a trauma facility pursuant to Section 1798.165, and develop and submit a plan to the Authority pursuant to Section 1798.166.

Section 3.2. After the submission of an initial trauma care system plan, **CORPORATION** shall comply with all State requirements relating to a trauma system (Section 1797.258).

Section 3.3. CORPORATION, in implementing a trauma care system on behalf of **COUNTY**, shall develop and submit a plan for that trauma care system to the Authority according to the requirements of the regulations adopted pursuant to Section 1798.161 prior to implementation of that system (Section 1797.257).

Section 3.4. In order to provide for the evaluation and improvement of the quality of care addressed in this agreement, **COUNTY** hereby establishes or reestablishes the Trauma Audit Committee. This is a regional Trauma Audit Committee and **COUNTY** delegates the composition of this committee to **CORPORATION**. It is the specific intent of the parties to this

agreement that this committee will be a peer review body to assure quality assurance within the meaning of Section 1157, et. seq., of the California Evidence Code.

ARTICLE IV. CERTIFICATION AND TRAINING

Section 4.1. CORPORATION shall be responsible for determining that the operation of the training programs at the Mobile Intensive Care Nursing, EMT-I, EMT-II, and EMT-P and other levels requiring local EMS agency approval are in compliance with the Act. **COUNTY** hereby designates the Medical Director of the **CORPORATION** as that physician who shall issue a certificate (except an EMT-P Certificate) and/or accreditation to an individual upon proof of satisfactory completion of an approved training program and the passage of the examination of competence. The Medical Director of **CORPORATION** shall recertify and/or reaccredit personnel through the passage of an examination for competency at an interval specified by the Authority, according to requirements established by the Authority, and a determination that the individual is not precluded from recertification and/or reaccreditation because of any of the reasons listed in Section 1798.200 (Sections 1797.208 and 1797.210).

Section 4.2. CORPORATION shall establish a schedule of fees for administering the certification or accreditation process. It shall be the responsibility of **CORPORATION** to collect the fees and the **CORPORATION** may keep the fees. **CORPORATION** shall not, however, collect fees for the licensing of an EMT-P (Section 1797.212).

Section 4.3. CORPORATION may require additional training or qualifications which

are greater than those provided in the Act as a condition precedent for certification within **COUNTY** in the advanced life support or limited advanced life support prehospital care system (Section 1797.214).

Section 4.4. CORPORATION may provide courses of instruction and training leading to certification and/or accreditation as an EMT-I, EMT-II, EMT-P, or authorized registered nurse. When such instruction and training are provided, a fee may be charged sufficient to defray the cost of such instruction and training. It shall be the responsibility of **CORPORATION** to collect the fees, which **CORPORATION** may keep. Such training shall be conducted pursuant to Section 1797.213 of the Act.

ARTICLE V. TRIAGE AND TRANSFER

Section 5.1. CORPORATION may develop triage and transfer protocols to facilitate prompt delivery of patients to appropriate designated facilities within and without its area of jurisdiction based on the considerations set forth in Section 1798.170 as well as any other considerations **CORPORATION** deems appropriate.

Section 5.2. CORPORATION shall establish guidelines and standards for completion and operation of formal transfer agreements between hospitals with varying levels of care in the area of jurisdiction of **COUNTY** consistent with the provisions of the Act and other State statutes. **CORPORATION** shall solicit and consider public comment in drafting guidelines and standards. These guidelines shall include provision for suggested written agreements for the type

of patient, necessary initial care treatments, requirements of intra-hospital care and associated logistics for transfer evaluation and monitoring of the patient (Section 1798.172).

Section 5.3. CORPORATION may authorize an advanced life support or limited advanced life support program which provides services utilizing EMT-II, EMT-P, or both, for the delivery of emergency medical care to the sick and injured at the scene of an emergency, during transport to a general acute care hospital, during interfacility transfer while in the emergency department of a general acute care hospital until care responsibility is assumed by the regular staff of that hospital, and during training within the facilities of a participating general acute care hospital (Section 1797.218). Subject to the limitations contained in ARTICLE VI, Section 6.4, it shall be **COUNTY'S** sole responsibility to pay for all costs of any proceedings resulting from the denial of an application or from the probation, suspension, or revocation of approval of any advanced life support or limited advance life support program described herein. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings and to prepare for any said proceedings. In addition, **COUNTY** shall reimburse the **CORPORATION** for the **CORPORATION'S** actual costs in preparing for or participating in said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring these costs. **COUNTY** shall pay the bill within 30 days of receipt.

Section 5.4. Any alleged violations of **CORPORATION'S** transfer protocols, guidelines, or agreements shall be evaluated by the **CORPORATION**. If **CORPORATION** has concluded that a violation has occurred, it shall take whatever corrective action it deems appropriate within its jurisdiction, including referrals to the District Attorney under Sections 1798.206 and 1798.208, and shall notify **COUNTY** and the State Department of Health Services if it concludes that any violation of Sections 1317 to 1317.9a, inclusive, has occurred (Section 1798.205).

ARTICLE VI. COMPENSATION

Section 6.1. Subject to the conditions contained in this Article, **COUNTY** shall pay to **CORPORATION TWENTY-SIX THOUSAND DOLLARS AND 95/100 (\$26,000.95)** as the fee for the basic LEMSA services to be rendered pursuant to this agreement, due and payable within thirty (30) days of receipt of the statement for services, or by July 1st, 2010, whichever comes first.

Section 6.2. **CORPORATION** is a Regional Local EMS Agency. As a regional agency, **CORPORATION** receives supplemental funding from the State of California. This supplemental funding and the participation of the counties allow **CORPORATION** to maintain fees at a very low rate compared to the costs a single county would incur to operate its own LEMSA.

Section 6.3. In addition, in the event of any legal challenge to the establishment of

exclusive operating area(s), **COUNTY** shall reimburse **CORPORATION** for **CORPORATION'S** costs in handling any such challenge. The cost shall include, but not be limited to, **CORPORATION** staff time, attorneys' fees and litigation costs, hearing fees, court costs, travel and associated expenses.

Section 6.4. Unless otherwise agreed in writing, **COUNTY'S** obligation to reimburse **CORPORATION** under Sections 2.09, 2.10 and 5.3 of this agreement shall not exceed a cumulative total of **TWENTY THOUSAND DOLLARS (\$20,000)** for each fiscal year this contract is in effect.

ARTICLE VII. TERM AND INSURANCE

Section 7.1. The term of this agreement shall be for the period beginning July 1, 2010, and ending June 30, 2011, Provided, however, that if any proceedings are pending pursuant to Sections 2.9, 2.10 or 5.3 of this agreement at the end of the term, those provisions shall continue in effect notwithstanding the expiration of the term until such pending proceedings are brought to a conclusion, subject to the **COUNTY'S** obligation to reimburse **CORPORATION** as limited by Section 6.4.

Section 7.2. This agreement may be terminated by either party by giving at least sixty (60) days written notice.

Section 7.3. This agreement may be terminated on five (5) days notice should **CORPORATION** fail to maintain and provide in full force and effect during the period of this

agreement a comprehensive liability policy which shall include bodily injury, automobile liability, and property damage coverage with the minimum limits of **ONE MILLION DOLLARS AND NO/100 (\$1,000,000.00)** combined single limit. Prior to the effective date of this agreement, **CORPORATION** shall provide to **COUNTY** a copy of its certificate of insurance on the above-described policy. **CORPORATION** shall provide **COUNTY** with immediate notice of any insurance premium increase, which increase **CORPORATION** could not, or chooses not, to meet. If within thirty (30) days of this notice, the parties hereto have not satisfactorily resolved the insurance coverage problem, then this agreement shall terminate.

ARTICLE VIII. GENERAL

Section 8.1. Each party hereto shall act independently and not as an agent or employee of the other. Each shall be responsible for the negligent or wrongful acts of its own officers, agents, and employees.

Section 8.2. This agreement may be amended at any time by the mutual written agreement of the parties hereto.

Section 8.3. Any future legislation amending or adding to Health and Safety Code Sections 1797 et seq. and 1798 et seq. is not within the contemplation of the parties and may only be made a part of this agreement or amend this agreement upon mutual written agreement of the parties hereto.

Any future legislation, mandatory in nature, which may delegate additional

responsibilities to a designated local EMS agency, will not be **CORPORATION'S** responsibility unless and until **CORPORATION** agrees, in writing, to accept said responsibility.

If, during the term of this agreement, any laws come into effect, by legislation, regulation or case law, which would add to the duties of **CORPORATION**, the parties to this agreement shall negotiate an appropriate adjustment in fees. This negotiation shall be completed within sixty (60) days of the effective date of the new law(s). During this negotiation period **CORPORATION** will make reasonable efforts to comply with the new law(s).

If during the term of this agreement, the State of California modifies funding to regional and multi-county agencies resulting in a reduction or elimination of funds received by **CORPORATION**, the parties shall renegotiate the terms of this **AGREEMENT**. This negotiation shall be completed within sixty (60) days of the date that the State of California notifies **CORPORATION** of a reduction or elimination of said funding. If the parties fail to reach agreement within such sixty (60) days, either party may give notice of termination of this agreement.

Section 8.4. Nothing contained herein shall prevent **CORPORATION** from applying for grants and contracts for Federal, State, or private funds concerning emergency medical services or related activities in the region served by **CORPORATION** (Section 1797.256).

Section 8.5. Any notice hereunder shall be provided by first class mail, return receipt requested, addressed as follows:

If to **COUNTY:**

Chairman, Board of Supervisors
County of Lassen
221 S. Roop St.
Susanville CA 96130

If to **CORPORATION:**

**AGREEMENT DESIGNATING NORTHERN CALIFORNIA EMS, INC., AS
THE "LOCAL EMS AGENCY" FOR LASSEN COUNTY AND
AUTHORIZING POWERS PURSUANT THERETO**

THIS AGREEMENT is entered into by and between **LASSEN COUNTY**, hereinafter referred to as **COUNTY**, and **NORTHERN CALIFORNIA EMS, INC.** (a California non-profit, public benefit corporation) hereinafter referred to as **CORPORATION**.

INTRODUCTION

WHEREAS, the Emergency Medical Services Act (California Health and Safety Code Section 1797 et seq., hereinafter referred to as "the Act") authorizes a county to designate a local emergency medical services (EMS) agency, and

WHEREAS, the Act mandates that particular functions under the Act must be performed by, and/or under the direction of, the local EMS agency, pursuant to Health and Safety Code Section 1797 et seq., and

WHEREAS, **CORPORATION** is qualified to be a "local EMS agency" pursuant to Health and Safety Code Section 1797.94, and

WHEREAS, **COUNTY** desires to contract with **CORPORATION** for **CORPORATION** to administer certain local emergency medical services as specified as follows in this agreement, and

NOW, THEREFORE, IT IS AGREED by and between the parties hereto as follows:

ARTICLE 1. GENERAL

Section 1.1. This agreement takes the place of the previous agreement dated June 24, 2009, and titled "Agreement Designating Northern California EMS, Inc. as the 'Local EMS Agency' for Lassen County and Authorizing Powers Thereto", and any written modifications thereto.

Section 1.2. The terminology used in this agreement is defined according to the Health and Safety Code, Sections 1797.50 through 1797.97. All sections cited in this agreement refer to the Health and Safety Code unless otherwise noted. If any language or provisions of this agreement conflict with the language or provisions of the Act, the Act shall prevail. Whenever the term "Authority" is used in this agreement, it shall mean the Emergency Medical Services Authority as defined in Health and Safety Code Section 1797.54.

Section 1.3. COUNTY designates CORPORATION as its local EMS agency and delegates only those specifically enumerated functions as set forth in this agreement to CORPORATION.

Section 1.4. CORPORATION shall plan, implement and evaluate an emergency medical services system in accordance with the provisions of the Act, consisting of an organized pattern of readiness and response services based upon public and private agreements and operational procedures (Section 1797.204).

Section 1.5. CORPORATION shall be responsible for the implementation of advanced

life support systems and limited advanced life support systems and for the monitoring of training programs (Section 1797.206).

Section 1.6. CORPORATION shall, when required by the Authority, submit an emergency medical services plan for **COUNTY** to the Authority (Sections 1797.250 and 1797.254) and to the **COUNTY**. **CORPORATION** shall submit to **COUNTY** the plan it submits to the Authority and any amendment thereto. **CORPORATION** shall, consistent with such plan, coordinate and otherwise facilitate arrangements necessary to develop the emergency medical services system (Section 1797.252).

Section 1.7. CORPORATION may review applications for grants and contracts for Federal, State, or private funds concerning emergency medical services or related activities in the **COUNTY** (Section 1979.256).

Section 1.8. CORPORATION shall implement local Air Ambulance Standards in compliance with statewide regulations.

Section 1.9. Functions not delegated to **CORPORATION** and which are retained by **COUNTY** are:

A. Acceptance of Basic Life Support, Advanced Life Support, or Mobile Intensive Care Providers into any dispatch rotation. Where applicable, **CORPORATION** will approve these units as approved providers, but the actual placing in rotation or acceptance of the providers into dispatch is not contracted for in this agreement and is not the responsibility of

CORPORATION.

B. This agreement is not intended to cover any services by **CORPORATION** in connection with Health and Safety Code Section 1797.201 and/or the assertion by any city or fire protection districts of any rights they may have under Sections 1797.200 and 1797.201.

C. Except for the reporting requirements of disaster planning and response as a part of **COUNTY'S** EMS plan to the Authority, **CORPORATION** is not responsible under the terms of this agreement for any disaster planning, training or response.

Section 1.10. Since pursuant to Section 1797.85 **COUNTY** recommended to **CORPORATION** that exclusive operating areas be established, **COUNTY** delegates to **CORPORATION** all services required to be performed by a local EMS agency in connection with the establishment of such exclusive operating areas.

Section 1.11. **COUNTY** agrees to continue to designate an individual within the County who will become knowledgeable on the conditions of this agreement, and who **CORPORATION** may communicate with during the term of the agreement, regarding the various activities and actions of **CORPORATION** in furtherance of its Local EMS Agency contractual obligations with **COUNTY**. This individual and the person's contact information shall be given to **CORPORATION'S** Chief Executive Officer by July 15, 2010.

ARTICLE II. MEDICAL CONTROL

Section 2.1. The medical direction and management of the emergency medical services

system shall be under the medical control of the Medical Director of **CORPORATION**. This medical control shall be maintained in accordance with standards for medical control established by the Authority (Section 1798). Medical control shall be exercised within an EMS system which complies with the minimum standards adopted by the Authority, and which is established and implemented by **CORPORATION**.

Section 2.2. CORPORATION shall have a full or part-time licensed physician and surgeon as Medical Director to provide medical control and to assure medical accountability throughout the planning, implementation and evaluation of the EMS system. The Medical Director may appoint a physician and surgeon to assume his or her duties during any time that he or she is unable to carry out those duties as the Medical Director deems necessary. The Medical Director may also assign administrative functions of his or her duties which do not require his or her professional judgment as Medical Director to administrative staff of the local EMS agency under his or her supervision (Section 1797.202).

Section 2.3. CORPORATION'S Medical Director may authorize registered nurses functioning pursuant to Business & Professions Code Section 2725 to act as "authorized registered nurses" or "Mobile Intensive Care Nurses (MICNs)". As such, MICNs provide prehospital advanced life support and may issue instructions to prehospital emergency medical care personnel within an EMS system according to standardized procedures consistent with statewide guidelines established by the Authority.

Section 2.4. CORPORATION, using State minimum standards, shall establish policies and procedures approved by the Medical Director of the **CORPORATION** to assure medical control of the EMS system. The policies and procedures approved by the Medical Director may require basic life support emergency medical transportation services to meet any medical control requirements including dispatch, patient destination policies, patient care guidelines, and quality assurance requirements (Section 1797.220).

Section 2.5. The Medical Director of **CORPORATION** may approve or conduct any scientific or trial study of the efficacy of the prehospital emergency use of any drug, device, or treatment procedure within Lassen County, utilizing any level of prehospital emergency medical care personnel. The study shall be in compliance with Section 1797.221 and with any requirements established by the Authority (Section 1797.221).

Section 2.6. In administering the EMS system, **CORPORATION**, with the approval of its Medical Director, may designate and contract with hospitals or other entities approved by the Medical Director of the local EMS agency pursuant to Sections 1798.2 and 1798.105 to provide medical direction of prehospital emergency medical care personnel, within its area of jurisdiction, as either base hospitals or alternative base stations, respectively. Hospitals or other entities so designated and contracted with as base hospitals or alternative base stations shall provide medical direction of prehospital emergency care provided for the area defined by the local EMS agency and approved by the Medical Director of the local EMS agency pursuant to

Sections 1797.220 and 1798 (Section 1798.100).

Section 2.7. CORPORATION, in order to assure medical direction to prehospital emergency medical care personnel in rural areas (as determined by the Authority), may utilize hospitals which do not have a basic emergency medical service permit, but which have been approved by the Medical Director of the **CORPORATION** for utilization as a base hospital, if the requirements of Section 1798.101 are met.

Section 2.8. Advanced life support and limited advanced life support personnel may receive medical direction from an alternative base station (Section 1798.105) in lieu of a base hospital when the conditions are met in Section 1798.3 under the guidance and control of **CORPORATION**.

Section 2.9. CORPORATION'S Medical Director may, in accordance with regulations adopted by the Authority, deny, suspend, or revoke any EMT-I or EMT-II certificate issued under Division 2.5 of the Health and Safety Code, or may place any EMT-I or EMT-II certificate holder on probation, upon the finding by the Medical Director of the occurrence of any of the actions listed in Section 1798.200(c). **CORPORATION'S** Medical Director may deny, suspend, revoke or place on probation any First Responder or Mobile Intensive Care Nurse upon a finding by the Medical Director of the occurrence of any actions listed in Section 1798.200(c). In addition, the Medical Director of the **CORPORATION** has all Medical Director powers defined in California Health and Safety Code Sections 1798.201 and 1798.202(a). Subject to the limitations contained

in ARTICLE VI, Section 6.4 of this agreement **COUNTY** shall pay (over and above the basic annual fee charged under the agreement) all actual costs incurred by **CORPORATION** for any hearings and/or litigation arising from the denial, suspension, probation or revocation of a certificate or certificate holder. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring those costs. **COUNTY** shall pay the bill within 30 days of receipt.

Section 2.10. **COUNTY** hereby designates the Medical Director of **CORPORATION** to be the designated physician who may place on probation, suspend, or revoke the approval under the Act of any training program for failure to comply with the provisions of the Act or any rules or regulations adopted pursuant thereto (Section 1798.209). Subject to the limitations contained in ARTICLE VI, Section 6.4 of this agreement it shall be **COUNTY'S** sole responsibility to pay for all costs of any proceedings for probation, suspension, or revocation of approval of any training program. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings and to prepare for any said proceedings. In addition, **COUNTY** shall reimburse the **CORPORATION** for the **CORPORATION'S** actual costs in preparing for or participating in said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff

time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring those costs. **COUNTY** shall pay the bill within 30 days of receipt.

ARTICLE III. TRAUMA CARE SYSTEM

Section 3.1. CORPORATION may implement a trauma care system pursuant to ~~Section 1798.162, establish policies and procedures consistent with regulations pursuant to~~ Section 1798.163, charge a fee for trauma facility application and designation pursuant to Section 1798.164, designate a trauma facility pursuant to Section 1798.165, and develop and submit a plan to the Authority pursuant to Section 1798.166.

Section 3.2. After the submission of an initial trauma care system plan, **CORPORATION** shall comply with all State requirements relating to a trauma system (Section 1797.258).

Section 3.3. CORPORATION, in implementing a trauma care system on behalf of **COUNTY**, shall develop and submit a plan for that trauma care system to the Authority according to the requirements of the regulations adopted pursuant to Section 1798.161 prior to implementation of that system (Section 1797.257).

Section 3.4. In order to provide for the evaluation and improvement of the quality of care addressed in this agreement, **COUNTY** hereby establishes or reestablishes the Trauma Audit Committee. This is a regional Trauma Audit Committee and **COUNTY** delegates the composition of this committee to **CORPORATION**. It is the specific intent of the parties to this

agreement that this committee will be a peer review body to assure quality assurance within the meaning of Section 1157, et. seq., of the California Evidence Code.

ARTICLE IV. CERTIFICATION AND TRAINING

Section 4.1. CORPORATION shall be responsible for determining that the operation of the training programs at the Mobile Intensive Care Nursing, EMT-I, EMT-II, and EMT-P and other levels requiring local EMS agency approval are in compliance with the Act. **COUNTY** hereby designates the Medical Director of the **CORPORATION** as that physician who shall issue a certificate (except an EMT-P Certificate) and/or accreditation to an individual upon proof of satisfactory completion of an approved training program and the passage of the examination of competence. The Medical Director of **CORPORATION** shall recertify and/or reaccredit personnel through the passage of an examination for competency at an interval specified by the Authority, according to requirements established by the Authority, and a determination that the individual is not precluded from recertification and/or reaccreditation because of any of the reasons listed in Section 1798.200 (Sections 1797.208 and 1797.210).

Section 4.2. CORPORATION shall establish a schedule of fees for administering the certification or accreditation process. It shall be the responsibility of **CORPORATION** to collect the fees and the **CORPORATION** may keep the fees. **CORPORATION** shall not, however, collect fees for the licensing of an EMT-P (Section 1797.212).

Section 4.3. CORPORATION may require additional training or qualifications which

are greater than those provided in the Act as a condition precedent for certification within **COUNTY** in the advanced life support or limited advanced life support prehospital care system (Section 1797.214).

Section 4.4. CORPORATION may provide courses of instruction and training leading to certification and/or accreditation as an EMT-I, EMT-II, EMT-P, or authorized registered nurse. When such instruction and training are provided, a fee may be charged sufficient to defray the cost of such instruction and training. It shall be the responsibility of **CORPORATION** to collect the fees, which **CORPORATION** may keep. Such training shall be conducted pursuant to Section 1797.213 of the Act.

ARTICLE V. TRIAGE AND TRANSFER

Section 5.1. CORPORATION may develop triage and transfer protocols to facilitate prompt delivery of patients to appropriate designated facilities within and without its area of jurisdiction based on the considerations set forth in Section 1798.170 as well as any other considerations **CORPORATION** deems appropriate.

Section 5.2. CORPORATION shall establish guidelines and standards for completion and operation of formal transfer agreements between hospitals with varying levels of care in the area of jurisdiction of **COUNTY** consistent with the provisions of the Act and other State statutes. **CORPORATION** shall solicit and consider public comment in drafting guidelines and standards. These guidelines shall include provision for suggested written agreements for the type

of patient, necessary initial care treatments, requirements of intra-hospital care and associated logistics for transfer evaluation and monitoring of the patient (Section 1798.172).

Section 5.3. CORPORATION may authorize an advanced life support or limited advanced life support program which provides services utilizing EMT-II, EMT-P, or both, for the ~~delivery of emergency medical care to the sick and injured at the scene of an emergency, during~~ transport to a general acute care hospital, during interfacility transfer while in the emergency department of a general acute care hospital until care responsibility is assumed by the regular staff of that hospital, and during training within the facilities of a participating general acute care hospital (Section 1797.218). Subject to the limitations contained in ARTICLE VI, Section 6.4, it shall be **COUNTY'S** sole responsibility to pay for all costs of any proceedings resulting from the denial of an application or from the probation, suspension, or revocation of approval of any advanced life support or limited advance life support program described herein. **COUNTY** may, at its discretion, provide for its own attorney or an independently retained attorney to handle any said proceedings and to prepare for any said proceedings. In addition, **COUNTY** shall reimburse the **CORPORATION** for the **CORPORATION'S** actual costs in preparing for or participating in said proceedings. **CORPORATION** shall submit an itemized bill for said costs (including, but not limited to, staff time, attorneys' fees, postage, deposition costs, hearing or court costs, photocopying and travel) within 30 days of incurring these costs. **COUNTY** shall pay the bill within 30 days of receipt.

Section 5.4. Any alleged violations of **CORPORATION'S** transfer protocols, guidelines, or agreements shall be evaluated by the **CORPORATION**. If **CORPORATION** has concluded that a violation has occurred, it shall take whatever corrective action it deems appropriate within its jurisdiction, including referrals to the District Attorney under Sections 1798.206 and 1798.208, and shall notify **COUNTY** and the State Department of Health Services if it concludes that any violation of Sections 1317 to 1317.9a, inclusive, has occurred (Section 1798.205).

ARTICLE VI. COMPENSATION

Section 6.1. Subject to the conditions contained in this Article, **COUNTY** shall pay to **CORPORATION TWENTY-SIX THOUSAND DOLLARS AND 95/100 (\$26,000.95)** as the fee for the basic LEMSA services to be rendered pursuant to this agreement, due and payable within thirty (30) days of receipt of the statement for services, or by July 1st, 2010, whichever comes first.

Section 6.2. **CORPORATION** is a Regional Local EMS Agency. As a regional agency, **CORPORATION** receives supplemental funding from the State of California. This supplemental funding and the participation of the counties allow **CORPORATION** to maintain fees at a very low rate compared to the costs a single county would incur to operate its own LEMSA.

Section 6.3. In addition, in the event of any legal challenge to the establishment of

exclusive operating area(s), **COUNTY** shall reimburse **CORPORATION** for **CORPORATION'S** costs in handling any such challenge. The cost shall include, but not be limited to, **CORPORATION** staff time, attorneys' fees and litigation costs, hearing fees, court costs, travel and associated expenses.

Section 6.4. Unless otherwise agreed in writing, **COUNTY'S** obligation to reimburse **CORPORATION** under Sections 2.09, 2.10 and 5.3 of this agreement shall not exceed a cumulative total of **TWENTY THOUSAND DOLLARS (\$20,000)** for each fiscal year this contract is in effect.

ARTICLE VII. TERM AND INSURANCE

Section 7.1. The term of this agreement shall be for the period beginning July 1, 2010, and ending June 30, 2011. Provided, however, that if any proceedings are pending pursuant to Sections 2.9, 2.10 or 5.3 of this agreement at the end of the term, those provisions shall continue in effect notwithstanding the expiration of the term until such pending proceedings are brought to a conclusion, subject to the **COUNTY'S** obligation to reimburse **CORPORATION** as limited by Section 6.4.

Section 7.2. This agreement may be terminated by either party by giving at least sixty (60) days written notice.

Section 7.3. This agreement may be terminated on five (5) days notice should **CORPORATION** fail to maintain and provide in full force and effect during the period of this

agreement a comprehensive liability policy which shall include bodily injury, automobile liability, and property damage coverage with the minimum limits of **ONE MILLION DOLLARS AND NO/100 (\$1,000,000.00)** combined single limit. Prior to the effective date of this agreement, **CORPORATION** shall provide to **COUNTY** a copy of its certificate of insurance on the above-described policy. ~~CORPORATION shall provide COUNTY with~~ immediate notice of any insurance premium increase, which increase **CORPORATION** could not, or chooses not, to meet. If within thirty (30) days of this notice, the parties hereto have not satisfactorily resolved the insurance coverage problem, then this agreement shall terminate.

ARTICLE VIII. GENERAL

Section 8.1. Each party hereto shall act independently and not as an agent or employee of the other. Each shall be responsible for the negligent or wrongful acts of its own officers, agents, and employees.

Section 8.2. This agreement may be amended at any time by the mutual written agreement of the parties hereto.

Section 8.3. Any future legislation amending or adding to Health and Safety Code Sections 1797 et seq. and 1798 et seq. is not within the contemplation of the parties and may only be made a part of this agreement or amend this agreement upon mutual written agreement of the parties hereto.

Any future legislation, mandatory in nature, which may delegate additional

responsibilities to a designated local EMS agency, will not be **CORPORATION'S** responsibility unless and until **CORPORATION** agrees, in writing, to accept said responsibility.

If, during the term of this agreement, any laws come into effect, by legislation, regulation or case law, which would add to the duties of **CORPORATION**, the parties to this agreement shall negotiate an appropriate adjustment in fees. This negotiation shall be completed within sixty (60) days of the effective date of the new law(s). During this negotiation period **CORPORATION** will make reasonable efforts to comply with the new law(s).

If during the term of this agreement, the State of California modifies funding to regional and multi-county agencies resulting in a reduction or elimination of funds received by **CORPORATION**, the parties shall renegotiate the terms of this **AGREEMENT**. This negotiation shall be completed within sixty (60) days of the date that the State of California notifies **CORPORATION** of a reduction or elimination of said funding. If the parties fail to reach agreement within such sixty (60) days, either party may give notice of termination of this agreement.

Section 8.4. Nothing contained herein shall prevent **CORPORATION** from applying for grants and contracts for Federal, State, or private funds concerning emergency medical services or related activities in the region served by **CORPORATION** (Section 1797.256).

Section 8.5. Any notice hereunder shall be provided by first class mail, return receipt requested, addressed as follows:
