Lassen County Board of Supervisors

From: Melody Brawley, Director
Health & Social Services 

Subject: Health & Social Services Contracts for Fiscal Year 2017/2018

Background:

Each year the Health & Social Services (HSS) Department contracts with several state agencies and public entities for various services and programs in order to meet state and/or federal requirements. It is the goal of HSS to complete all contracts and secure Board approval at the onset of the new fiscal year to facilitate continued funding for contractors, many of whom are small nonprofit organizations, and to expedite the contract renewal process.

Attached is an itemized list of HSS contracts and MOUs sorted by individual department. Contracts for like services, such as residential services and inpatient hospitals, are grouped together and managed as a single authorized total expenditure for the particular type of service. Each expenditure contract and MOU contains language specifying that payment is contingent upon the availability of funds and Board of Supervisors approval.

The attached list includes 181 contracts and 21 MOUs. Of these 32, are revenue contracts initiated by the funding source, typically the State of California. All HSS contracts and MOUs have been initiated and are in various stages of completion.

Fiscal Impact:

There is no impact to County General Fund beyond the required maintenance of effort currently identified within the HSS 2017/2018 annual budgets pending approval by the Board of Supervisors.

Action Requested:

1) Approve the Health & Social Services Department contracts for Fiscal Year 2017/2018; and 2) authorize the County Administrative Officer to execute the Agreements.
