SUBJECT: Public hearing to consider the recovery of administrative costs for the board up of a structure that has been deemed a substandard building located at 322 Elm Street Westwood, CA (APN: 125-143-26); and with the recovery of board up costs as provided in chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings. This property is owned by Leon Wayne Cramer II and Melissa Cramer JT. The associated code enforcement file number CDEF 2017-112. The board up was executed due to the owner's failure to secure or repair the public nuisance.

Action Requested

1. Conduct Public Hearing; and
2. Receive report from staff; and
3. Adopt a resolution directing staff to execute and record the lien on said property, with the Lassen County Recorder.

Summary

On October 4, 2017, Code Enforcement determined that substandard structures existed at the above referenced parcel. A Notice and Order of Posting from the Lassen County Building Official required (in part) the property owner to secure the structure against entry. Said notice gave a detailed description of how to secure the structure against unauthorized entry. The property owner did not contact this office, or attempt to remedy the nuisance. As such, Lassen County Code Enforcement Officers boarded up the house and the second residence. The abatement/ board-up was completed on October 4, 2017.

This hearing is to determine if a lien will be recorded against the property, in order to recover the full cost of said board up and administrative costs incurred by Lassen County, in accordance with the procedure detailed at Chapter 9 in the Uniform Code for the Abatement of Dangerous Buildings (UCABD Chapter 3, Chapter 4 and Chapter 9; attached).

Financial Impact

The Department of Planning and Building Services has incurred costs from time and materials in order to secure the building against entry. An invoice (enclosed as Exhibit B of the proposed resolution) in the amount of \$1,612.15, has been prepared to report said costs. If approved by the Board, a lien would be recorded to recover all costs incurred by the county to date.

Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings allows the county to recover costs of incurred for actions taken to secure, repair, or demolish a dangerous building. As authorized by the Government Code Section 25845 and Lassen County Code Chapter 1.18, Lassen County is empowered to recover the costs through recordation of a lien.

Preface

The provisions of this code were developed to afford jurisdictions reasonable procedures for the classification and abatement of dangerous buildings.

This code is designed to be compatible with the *Uniform Building Code*™ and the *Uniform Housing Code*™. While the Housing Code is applicable only to residential buildings, the *Uniform Code for the Abatement of Dangerous Buildings*™ is designed to apply to all types of buildings and structures. The notices, orders and appeals procedures specified have been found to be workable and are referenced by the *Uniform Building Code*.

If properly followed, the provisions of this code will provide the building official with the proper legal steps in abating dilapidated, defective buildings which endanger life, health, property and public safety within concepts of fair play and justice.

The International Code Council (ICC) publishes a family of codes, each correlated with the *Uniform Building Code*™ to provide jurisdictions with a complete set of building-related regulations for adoption. Reference materials and related codes also are available to improve knowledge of code enforcement and administration of building inspection programs. Publications and products are continually being added, so inquiries should be directed to Conference headquarters for a listing of available products. Many codes and references are also available on CD-ROM or floppy disk. These are denoted by (*). The following publications and products are available from ICC:
