SUBJECT: Determine if the substandard structure at 445-310 Herlong Access Road will be abated by Lassen County in accordance with the Order of the Building Official, if the property owner does not complete the demolition by November 30, 2018. Assessor Parcel Number 139-040-08 (CDEF2015-031 Ortega/ Bristow).

ACTION REQUESTED:

- 1) Receive report from staff;
- 2) Conduct Public Hearing; and
- 3) Adopt a Resolution upholding the Building Official's determination.

Summary:

The purpose of this hearing is to determine if the above referenced structure will be abated through demolition as ordered by the Building Official, and in accordance with the Uniform Code for the Abatement of Dangerous Buildings (UCADB). The UCADB was adopted by Lassen County at section 12.25.010 of the Lassen County Code to require substandard or dangerous buildings to be repaired, vacated or demolished. Said code works in conjunction with the California Health and Safety Code (e.g. section 17920.3), and Section 302 of the UCADB attached for reference.

On April 1, 2015, the structure on the above referenced parcel was declared to be a "Dangerous Building" in accordance with Lassen County Code section 12.25.030 and the UCADB. Multiple notices (attached) were provided with deadlines to commence work to demolish the structure or obtain a permit and commence repair of the building. Photographs are included with the pertinent Inspection Reports (see chronology below) which further illustrate why the structure is considered dangerous and substandard. No appeal was filed for the above Notice and Order or subsequent notices (a 30-day appeal period is provided in accordance with section 501 of the UCADB). The structure has not been demolished.

On December 1, 2017, a demolition permit (DM2017-042) was issued to the property owner for demolition of the substandard structure on this parcel. Despite issuance of said permit, the co-owner Jon Ortega continued to request extensions. While a demolition permit is active for a certain amount of time (initially for one year) the County does not have to allow a nuisance to persist for prolonged periods.

Board of Supervisors

Agenda Date: December 11, 2018

Page 2

On February 2, 2018, a Supplemental Notice and Order to Correct Violation was mailed. The owners were given (90) ninety days to complete the demolition and the associated clean-up of debris. The above notice generated phone contact from the co-owners.

On February 23, 2018, phone contact from an adult male named Bob Courtner who identified himself as Ms. Bristow's husband stated he would discuss the matter with Ms. Bristow and contact us again.

On June 14, 2018, Jon Ortega contacted Code Enforcement and stated he received a bid for the demolition and could not afford those cost and would demolish the structure a little at a time himself. Staff advised Mr. Ortega the Planning and Building Department intended to move forward with the abatement. On November 29, 2018, Mr. Ortega requested an extension of said Demolition Permit.

On November 30, 2018, staff received an email from Ms. Bristow requesting an extension of the Demolition Permit and stated efforts to comply. A 60 day extension was granted but she was advised of the departments intention to move forward with the December 11, 2018, hearing and was encouraged to attend.

County's Authority to Abate:

In accordance with section 701.3(3) of the UCADB, the Building Official has authorization to abate the structure if the owners failed to complete the demolition, (and provided the Board does concur with the Building Official through this hearing). This hearing is being conducted, in addition to the requirements detailed in the UCADB, to allow the property owners an opportunity to present any evidence or information as to why Lassen County should not proceed with the demolition if the owner's fail to properly demolish the residence and remove all debris by November 30, 2018.

If, after this hearing, the Board concurs that the Building Official's order is appropriate (and if the property owners fail to act) the Department will prepare a contract with a private contractor to complete the abatement. Section 12.25.035 of County Code authorizes the Building Official to complete any repair or demolition ordered under the UCADB by private contract.

If necessary, the Building Official will secure an abatement warrant from the Lassen County Superior Court to execute the Building Official's Order.

If abatement is performed by Lassen County in accordance with the UCADB, the cost of the abatement may be recovered in accordance with Chapter 9 of the UCADB. The Department would return to the Board of Supervisors for an additional hearing where the expense incurred by Lassen County would be considered.

Chronology:

The following section lists many (but not necessarily all) of the records, orders, and interactions pertaining to this case (said records are attached to this Board letter). Letters are presented with the associated Declaration of Service:

- March 24, 2015, Field Inspection photographs.

- March 26, 2015, posted: "DO NOT ENTER/ UNSAFE TO OCCUPY"
- April 1, 2015, Notice and Order of Posting from the Department indicating the structure was considered to be dangerous, ordering repair or demolition to commence within 30 days, and providing the procedure to appeal the Notice within (10) ten days.

- November 3, 2017, Field Inspection Report, with photographs.
- November 13, 2017, Notice and Order to Correct Violations. It was determined that no progress toward compliance had been made and because of the time lapse a new order issued with (30) thirty days to submit a request for an appeal.
- November 28, 2017, phone contact with Jon Ortega stating he would remove junk and debris and non-op vehicle and asked for a seven-day extension to discuss options with his sister Sylvia Bristow (co-owner).
- December 1, 2017, Violation Status Sheet, documenting a visit to the Department by the property owner Jon Ortega. Mr. Ortega secured a demolition permit (DM2017-042), and expressed his desire to comply with the county.
- February 2, 2018, Supplemental Notice and Order to Correct Violations, requiring completion of demolition and removal within (90) ninety days of notice. Said notice also included an additional opportunity to appeal said order within (30) thirty days.
- February 23, 2018, Violation Status Report, documenting the only phone contact with Bob Courtner who identified himself as Ms. Bristow's husband stating they wanted to resolve the issue and would contact us.
- June 14, 2018, Email documenting a phone conversation with Jon Ortega stating his inability to pay the high cost of the projected \$65,000 not including the asbestos removal. Staff advised Mr. Ortega of the Departments intention to move forward with the demolition of the structure as he failed to file for an appeal and his failure to comply by the May 2, 2018, deadline. Mr. Ortega stated he did not want any future contact from the county.
- November 16, 2018, notice of the December 11, 2018, hearing mailed to the owners.
- November 20, 2018, Legal NOTICE OF PUBLIC HEARING printed in Lassen County Times.

NOTICE AND ORDER TO CORRECT VIOLATIONS

CERTIFIED MAIL/RETURN RECEIPT

7017 0660 0000 6270 7904

November 13, 2017

Jon Steven Ortega & Sylvia Kathryn Bristow
8721 Cabra Court
Elk Grove, Ca. 95624

RE: CDEF2015-031
445-310 Herlong Access Road
A.P.N. 139-040-08

Dear Mr. Ortega & Ms. Bristow:

This letter is in regards to the above referenced property, which is in violation of *Lassen County Code*, the *Uniform code for the Abatement of Dangerous Buildings*, the *California Penal Code* and the *California Health and Safety Code*. This property is one acres in size and is currently zoned C-H (Commercial Highway District).

On November 3, 2017, a recent site inspection was conducted on the above listed parcel. As a result of the conditions observed it was determined that the building is substandard as defined by *California Health and Safety Code §17920.3* (attached). Specific conditions observed were a dilapidated roof, dilapidated siding, fascia beam supports are failing and broken and open crawl space in numerous locations creating an attractive nuisance. Also noted was a significant amount of junk, garbage, debris and a nonoperative vehicle.

CODE VIOLATIONS

The above conditions are to the extent they endanger the life, limb, health, property, safety or welfare of the public thereof and shall be deemed and hereby declared to be a "Dangerous Building", in accordance with Lassen County Code 12.25.030, which states:

Any condition declared by 17920.3 of the California Health & Safety Code to be a 'substandard building' shall constitute a 'dangerous building' within the definitions of that term contained in 302 of the Uniform Code for the Abatement of Dangerous buildings.

Non-Op vehicles

There is one nonoperative vehicle on the subject parcel. Said vehicle is an older four door sedan and is maroon in color. The driver side and passenger side windows are broken out. There are no plates on the vehicle, Vehicle Identification Number (VIN): 1LNBP98M7GY654601. As authorized by Lassen County Code Section 1.19.050, you are allowed no more than two (2) nonoperative vehicles on parcels of one acre or less and only if the parcel has been improved with a permitted dwelling or business.

Additionally, said section requires that any vehicles stored on this parcel be “screened from ordinary view.”

Screened from ordinary view is defined at Lassen County Code Section 1.19.030 (g) as:

“(g) ‘Screened from ordinary view’ means enclosed entirely behind a fence of at least six feet minimum height, constructed of opaque, uniform nonreflective material, maintained plumb and level in structurally sound condition, which shall completely prevent any inoperative vehicle from being seen from any location off of the parcel upon which the vehicle is located”

The nonoperative vehicles on the subject property are not screened from ordinary view and there is not a permitted dwelling or operating business on the property.

Garbage and Debris

During the inspection of the property conducted on November 3, 2017, it was observed that junk, garbage, debris, piles of scrap wood, scrap metal and junk appliances are scattered throughout the property.

This accumulation is to the extent of creating unsafe and unsanitary conditions. Be advised that Lassen County Code §1.18.020 states:

*The following condition is declared to be a public nuisance:
Any nuisance heretofore or hereafter defined as a nuisance by any ordinance of the county, section of the Lassen County Code, resolution of the board of supervisors, or statutes of the state of California. A public nuisance is further described as any accumulation of trash, refuse, waste, junk (except as otherwise permitted), debris, garbage, rubbish and related matter, which by reason of its character and location is unsightly and interferes with the reasonable enjoyment of property by neighbors, or which detrimentally affects property value in the surrounding neighborhood or community, or which would materially hamper and interfere with the prevention or suppression of fire upon the premises or which may be detrimental to the health, safety and welfare of persons in the vicinity.*

Furthermore, California Penal Code §370, declares a property in such condition to be a “Public Nuisance”. California Penal Code §373a further states:

Every person who maintains, permits, or allows a public nuisance to exist upon his or her property or premises, and every occupying or leasing the property or premises of another who maintains, permits or allows a public nuisance to exist thereon, after reasonable notice in writing from a health officer or district attorney or city attorney or prosecuting attorney to remove, discontinue or abate the same has been served upon such person, is guilty of a misdemeanor, and shall be punished accordingly; and the existence of such nuisance for each and every day after the service of such notice shall be deemed a separate and distinct offense, and it is hereby made the duty of the district attorney, or the city attorney of any city the charter of which imposes the duty upon the city attorney to prosecute state misdemeanors, to prosecute all persons guilty of violating this section by continuous prosecutions until the nuisance is abated and removed.

REMEDY

In accordance with the authority delegated to the *Building Official in §401.2 of the Uniform Code for the Abatement of Dangerous Buildings*, you are hereby notified that you have 30 days from the date of this letter to obtain a permit and commence work to repair or demolish the structure. If you determine that you will repair the structure, you must submit plans prepared by a licensed engineer identifying the corrections that will be necessary to bring the structure into compliance with the California Building Code and Lassen County Code. You are also directed to secure the structure from unauthorized entry while in the process of repairs or demolition.

If permits have not been obtained and work has not commenced as detailed above, this office may pursue remediation in accordance with procedure as detailed in *Chapter 8 of the Uniform Code for the Abatement of Dangerous Buildings, Lassen County Code Chapter 1.18 et seq* and any other pertinent sections of state and local code or regulation. Recovery of said abatement costs will be pursued in accordance with the protocol detailed in *Chapter 9 of the Uniform Code for the Abatement of Dangerous Buildings* and any other pertinent sections of state and local code or regulation.

Non-op Vehicles

You are hereby notified that you have 30 days from the date of mailing of this letter to remove any non-operable and/or unlicensed vehicles.

Garbage and debris

You have 30 days from the date of this letter to remove all junk, garbage, debris, piles of scrap wood, scrap metal, junk appliances and trash (receipts will be required to verify proper disposal of trash and/or debris).

ADDITIONAL ENFORCEMENT

Failure to correct this violation by the date specified above may result in the issuance of an administrative citation, penalties to accrue each day the violation continues to exist. The first citation is \$100, the second citation is \$500, the third and subsequent citations are \$1000 (each day as a new violation).

Additional enforcement actions such as administrative abatement, criminal prosecution, and/or civil injunction may also be utilized to correct these violations.

APPEAL

As stated in Lassen County Code §12.25.040 Board of Appeals:

Notwithstanding anything to the contrary contained in Section 205 of said Uniform Code for the Abatement of Dangerous Buildings, a hearing officer as appointed by the county administrative officer shall serve as the board of appeals, and wherever used in said code, "board of appeals" means the hearing officer appointed for this purpose. The hearing officer shall not be a Lassen County employee. The employment, performance evaluation, compensation and benefits to the hearing officer, if any, shall not be directly or indirectly conditioned upon the amount of administrative citation fines upheld by the hearing officer.

In accordance with §501 of the *uniform Code for the Abatement of Dangerous Buildings*, you have thirty (30) days from the date of this letter to submit a request for an appeal.

In accordance with Section §401.4 of the *Uniform Code for the Abatement of Dangerous Buildings*, service of this letter is effective on the day of mailing.

If you have any questions, contact Code Enforcement Officer Rob Steen or Jeanette Childress (530) 251-8269.

Sincerely,

for Maurice L. Anderson, Director

Jon returned my call and said that he cannot afford to have a contractor demo and remove the building. He said he had a bid for \$65,000 not including the asbestos removal. I told Jon we recently mailed and posted a Hearing Notice letter but we would send him a letter retracting the Notice as it only pertained to trash and debris. I advised we intend to move forward with demo and removal as his 90 days to act had expired. He said his demo permit is good for 1 year. I reminded him of our previous conversation that it is at the discretion of the Building Official as to a timeline also stated in the last letter he was instructed to act by May 2, 2018.

Jon said he intended to start demo and removal small sections at a time. I told Jon that was never an option stated in the letter and our previous conversation and at this point we are moving forward with the process to demo and remove. Jon said he wanted to contest the decision. I told him as stated in the letter, he had 30 days to contest the decision in writing to this department and he failed to do so.

Jon complained and said we are picking on him because other properties are worse than his. I told him we have many active cases across the county, we are not picking on him. Jon said we are not willing to work with him. I told him we cannot delay any longer, it's time to move forward. Jon said he will not contact us again.

"County counsel has answered that in the past on a couple of other boards and special districts," said Bustamante.

The answer to the question was that if no one were appointed to the positions, those currently holding the seats would stay on the board until the position is filled.

The board also inquired as to whether there would be supplemental information provided to voters as to why a special election was called. Bustamante responded to the board saying there would be clarification accompanying the voter guides.

Dear Mr. Steen,

We are requesting an extension on subject permit.

I would like to update you on the efforts we have made to abate our property.

We have removed cars and containers from property. Windows and openings have been boarded up- this is ongoing given the strong winds in area. We have met with three contractors to demolish the building. Their Bids were between \$73,000 and \$68,000 (not including removal). Jon (Ortega) is meeting with another contractor today for an additional bid. This spring I reached out to Caltrans in Reading to see if they were interested in the property. Their process took three months to get me a negative answer because they have nothing scheduled for Highway 395 through year 2027. In addition, as of November 15, 2018, we have been in conversations with an interested buyer.

Please understand that we are diligently working on this issue. Thank you for your consideration in extending the permit to allow us to continue our efforts.

SECTION 7001 – COMPLIANCE

701.1 General. After any order of the building official or the board of appeals made pursuant to this code shall have become final, no person to whom any such order is directed shall fail, neglect or refuse to obey any such order. Any such person who fails to comply with any such order is guilty of a misdemeanor.

701.2 Failure to Obey Order. Any such repair or demolition work shall be accomplished and the cost thereof paid and recovered in the manner hereinafter provided in this code. Any surplus realized from the sale of any such building, or from the demolition thereof, over and above the cost of demolition and of cleaning the lot, shall be paid over to the person or persons lawfully entitled thereto.

SECTION 702 – EXTENSION OF TIME TO PERFORM WORK

Upon receipt of an application from the person required to conform to the order and by agreement of such person to comply with the order if allowed additional time, the building official may grant an extension of time, not to exceed an additional 120 days, within which to complete said repair, rehabilitation or demolition, if the building official determines that such an extension of time will not create or perpetuate a situation imminently dangerous to life or property. SECTION 703 – INTERFERENCE WITH REPAIR OR DEMOLITION WORK PROHIBITED
